

Question number	Indicative content
7(a)	<p data-bbox="405 245 674 283">જુ(દેદશક - શીતલ શાહ)</p> <p data-bbox="405 283 1268 356">Students may refer to all or some of the following points in their answers.</p> <p data-bbox="405 378 1310 517">The wealthy Choksi brothers believe they have so much power that they can change anybody's destiny by simply altering one's surroundings. This arrogance is reflected right from the very first scene and continues as the plot unfolds.</p> <ul data-bbox="405 539 1361 1344" style="list-style-type: none"> <li data-bbox="405 539 1361 687">• The film starts with a game of chess where the brothers bet on the theory that by changing a person's surroundings this will in turn effect one's actions. This act of arrogance forms the backbone of the plot and influences the events to come. <li data-bbox="405 710 1361 858">• To test their theory, they then frame their own employee, Uday, making him a criminal and deliberately putting him in prison. He reacts negatively by running away, proving their theory correct. <li data-bbox="405 880 1361 1028">• They then invite another criminal (Guru) into their office and offer him a senior position in the company. This proves their theory that by bringing him in to a positive environment he will, in turn, react positively. <li data-bbox="405 1050 1361 1198">• Eventually, the two victims discover the brothers' intentions and seek revenge by playing them at their own game in the stock market, ruining the brothers completely. For example, they were forced to buy shares that made them bankrupt. <li data-bbox="405 1221 1361 1344">• The film concludes with one brother losing mental balance and the other dying, showcasing how true arrogance can cause the downfall of a person.

Question number	Indicative content
7(b)	<p data-bbox="406 238 674 272">જુ(દેદશક - શીતલ શાહ)</p> <p data-bbox="406 283 1268 349">Students may refer to all or some of the following points in their answers.</p> <ul data-bbox="406 371 1372 1101" style="list-style-type: none"> <li data-bbox="406 371 1372 437">• This film tells the tale of a twist in destiny where chess represents the 'game' that puts four people's lives in a frenzy. <li data-bbox="406 471 1372 681">• The game of chess is used in this film as a symbol of how two dons of the stock market, Yashvardhan Choksi and his brother Aditya Choksi, make plans to change people's lives by betting with each other while playing chess. They devise their cunning plans using the same strategic play they exploit on the chess board. <li data-bbox="406 714 1372 858">• The brothers use their Harvard-educated managing director, Uday Gandhi, and a criminal called Guru as their 'pawns' to win the bet, significant of how pawns are used in chess. In this game, one brother wins and the other brother loses. <li data-bbox="406 891 1372 1101">• Just as in chess, the two brothers represent kings who think that they can put forward anybody's life to save their own bet. The two dancer girls can be seen as queens who Uday and Guru are trying to protect from the brothers. Checkmate comes and tables turn when Uday beats them at their own game by making them bankrupt.
